

**Hello, Bakers!**

**Welcome to Pascal's Patented Vanderpuff Bake Generator!  
Design your very own Vanderpuff bake, by simply picking one  
word from each column, then putting them together.**

**You might create a Raspy-tastic Swirl, or a Cara-wonder Tart,  
a Coffee-berry Pop, or a Sweetie-tasty Trifle. You could even make  
up *brand new words!***

**And don't stop there – bring it to life! Oh, draw it, make it with  
clay – even bake it! You could ask a grown up to help upload a picture to Instagram using  
the hashtag #BridgetBakes.**

**I can't wait to see your creations!**

**Love and lemons!**
